ANGORA

EDDIE FULLEN

Eddie, ♡

To: Eddie
From: Dila

To the best guy in the whole world, who I love very much!! Im glad that our relationship has lasted this long and I hope it never ends. I thank the Lord for the wonderful love he has given us. I have enjoyed your company, there's not more wonderful that I would want, but there's one exception, and thats the Lord. Next to the Lord, you the person that fills my life with happiness, love and excitement. Thanks for everything!! I love you and will always remember the wonderful times we have spent together. There's only one thing I want you to always remember; + thats the Lord: whatever you do Keep your eyes on him, you've come a long way so dont ever forget him. He is your Sheperd and he restoreth your soul and keeps you in the path of righteousness. Eddie I want to make this your one of the best ones, because this is your last year at R.H.S. and I want you to remember it as a wonderful year!! Im going to miss you when you leave. (I dont want you to leave!) (But I guess I'll get used to the situation.) I don't want to but I'll have to. There's alot to say but I can wait to talk about it when the time comes. (GRAD.)

I love you!

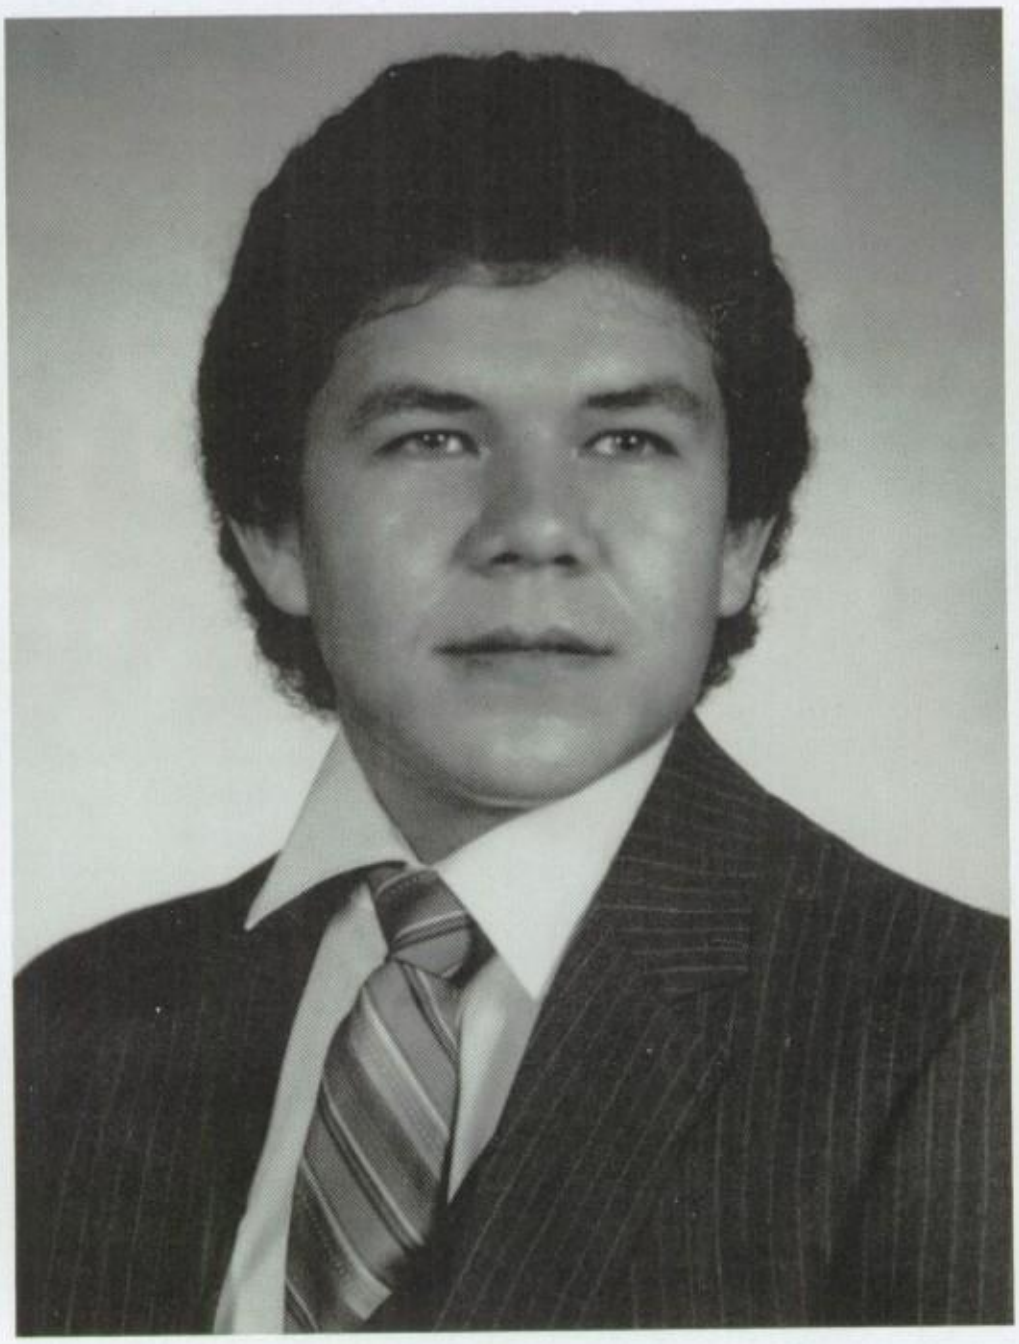
HIGH SCHOOL GRADUATION
MAY 24 1985
8:00 AUDITORIUM

Welcome
to
TEXAS

EMERGENCY DOOR

Jesus R. Fuentes



May 24, 1985 was a joyous day for the seniors of Rocksprings High School. It was graduation day and a time for celebrating the end of one part of their lives and the beginning of another. Everyone was in high spirits and ready to party.

Several students went partying in Mexico on Saturday, May 25. At 5:30 am, Sunday, tragedy struck the life of Jesus Fuentes. Jesus and Manuel Solorio were on their way home when they were involved in a one-car accident. Jesus fell asleep while driving and missed the curve at the Carta Valley Store. Manuel, who was asleep in the back seat, was unharmed except for some bumps and bruises. Jesus was thrown approximately 50 feet from his car after it went through a fence and struck a trailer. He suffered severe back injuries and lost the use of his legs.

At this writing, the doctors do not know if he will walk again, but he has regained some feeling in his legs. We all know that if it can be done - Jesus will do it.

It is with our love and sincere hope for a complete recovery that we dedicate this annual to you, Jesus.

Mrs. Gulledge and the
1984-85 Annual Staff

ACTIVITIES

Football Sweetheart

Mary Reyes

Homecoming

The date is October 26, 1985 and the skies are cloudy. It has rained all day, but has cleared for the beginning of the homecoming festivities. Three girls - all dressed in formals - anxiously await the beginning of the pregame activities and the crowning of the 1984-85 Football Sweetheart.

The three candidates are JoBeth Smart, Liz Ruiz, and Mary Reyes. Liz is the first to be introduced and is escorted on the field by seniors Mike Carrillo and Baldemar Ruiz. Next to be introduced is JoBeth, who is escorted by Jeff Lowrance and Ismael Arebalos. Finally, Abby Franco and Mike Jimenez escort Mary onto the field.

The 1983-84 Sweetheart, Mary Ruiz, escorted by Ricky VanWinkle and Isabel Arebalos, presented single roses to each of the candidates. All were tense and waiting for Mr. Smart to announce the winner.

"Ladies and Gentlemen, the 1984-85 Football Sweetheart is Miss Mary Reyes," came across the loudspeaker. Cheers went up and Mary Ruiz crowned her successor. Miss Reyes was presented a dozen red roses, her crown, and a glittered helmet.

Also introduced this evening were the band seniors: Tina Gonzales, K'Lynn Craig, Alejandra Solorio, and Jerry Capps. Tina was escorted by Jerry; Alejandra by her brother, Manuel Solorio; and K'Lynn by Arturo Ortiz. Each girl was also presented a single, long-stemmed red rose.

Angora Power

For those of you who think cheerleading is all fun, fame and fortune, you are only partly correct. It's fun, but it is also a lot of hard work, time and money. Uniforms are not cheap and signs don't make themselves.

This year's cheerleaders went to a UCA camp at Southwest Texas State University from July 23-27. "We couldn't walk the second day because of all the hills," said Devonna Capps. That was after a week of two-hour practices before going to camp.

Summers are spent getting uniforms, making signs, and practicing. After school starts, there are more practices, more signs and planning pep rallies.

This year the girls all shared the job of head cheerleader. Each girl was head cheerleader twice and all found that it is not an easy job. The head cheerleader must plan the entire pep rally, including: what uniforms to wear, what skits will be done and by whom, what yells, when to practice, etc.

Next come the actual games. Besides leading the yells, someone has to keep an eye on the game. You can't lead an offensive cheer when the opponent has possession of the ball. You also learn fast that spectators prefer short chants and old familiar yells to all the new ones you learned at camp.

Next time you think our cheerleaders are just five pretty faces, remember they work hard and represent you and your school everywhere they go.

JoBeth and Rachel doing their 2 person cartwheels.
Italian chef Marcy disrupts Devonna's attempt to test the agility of our boys.

Marcy, Rachel, JoBeth, Devonna, Beth

Up, up, and away with Devonna. The girls spent many hours practicing the correct ways to build and disassemble a variety of pyramids.

J-U-M-P, Jump, Beth, Jump! Beth interrupts Devonna's exercise class to get the boys into shape.

Aunt Polly (Kris) stops Tom (Beth) from attacking Sid (Dila).

Tom (Beth) shows off "his" art ability to impress Becky (Tina).

Amy (Illa) and Sid (Dila) discuss Tom's antics.

LOOK THERE I Am!

Joe (Wade) tells about the trouble he is in.

Injun Joe threatens Tom and Huck.
Tom tells Sid and Aunt Polly what he and Huck have been doing.

Tom reads a note to Huck (Dustin) for his approval.

Tom Sawyer

This year's entry in the UIL One Act Play Contest was "The Adventures of Tom Sawyer." Mrs. Zerr and her cast did an excellent job, and everyone who saw the play thoroughly enjoyed it.

As always Mr. Everhart and his classes were very helpful with the making of the props, as were Mrs. Andis and Mrs. Rust.

The cast of characters included Tom Sawyer, portrayed by Beth Louks; Huckleberry Finn, Dustin Herschap; Aunt Polly, Kris Andis; Sid Sawyer, Dila Luna; and Becky Thatcher, Tina Gonzales. Rounding out the remaining cast were Widow Douglas, Shawna Bates; Amy Lawrence, Illa Hale; Joe Harper, Wade Rust; and Injun Joe, John Sevier. Stage hands were Shelly Bates and Shelly Davis.

The cast presented their play to the public on Thursday, March 14 and to the school body on Friday, March 15. Contest was held at Southwest Texas Junior College in Uvalde on Tuesday, March 19. Beth was named to the all-star cast, while Dila, Illa and Kris received honorable mentions.

All cast members agreed that putting on a play is a lot of hard work but also a lot of fun. They wished to express a special thanks to Mrs. Zerr for her time, hard work and patience.

Julie Zamudio, Alejandra Solorio, Marcy Anderson, Dila Luna

National Honor Society

To become a member of the National Honor Society you must be at least a sophomore and maintain an average of 90 in all academic classes. If your average drops below 90, you have one six weeks to bring it back to 90. Dila Luna, Marcy Anderson, and Julie Zamudio - all juniors - have been members for two years.

This year's new member is Alejandra Solorio, the 1985 valedictorian. She has completed four years of high school with a grade point average of 91.7. As valedictorian Alejandra will receive a scholarship of tuition to a state college or university for one year.

Yolanda Rivera is this year's salutatorian and her grade point average is 90.1. She is closely followed by this year's high point boy, Jesus Fuentes, with an average of 90.0.

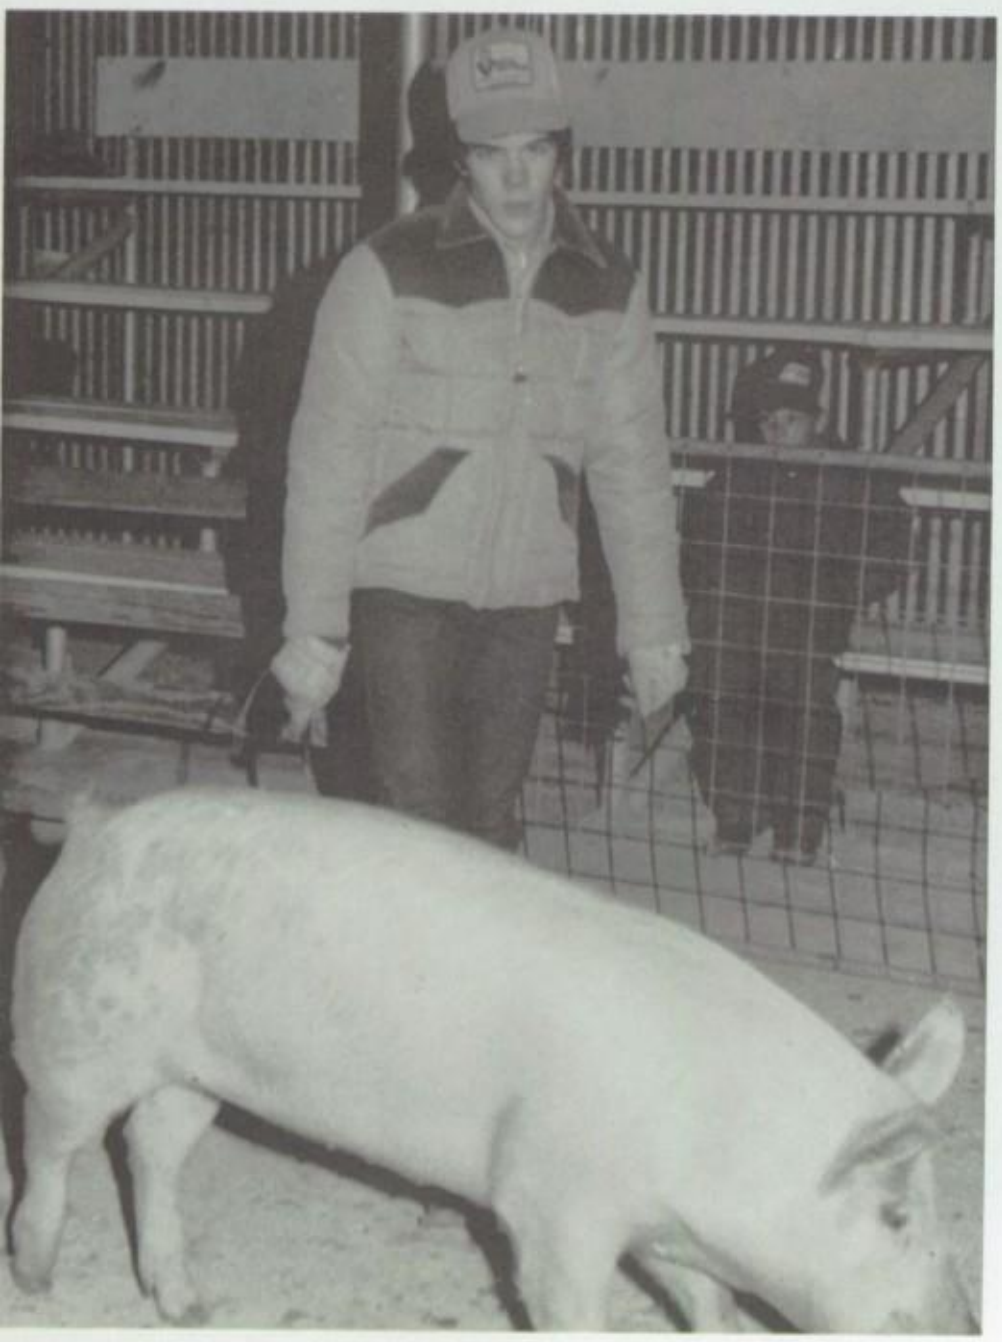
John awaits his turn to show his lamb.

Baldemar and his grand champion hog.



Brian shows his reserve champion hog.

Abby showing his hog at the county stock show.

Adela, Melissa, Kris, Estella, Lupita, and Mollie making giant chocolate chip cookies.

1984-85 FHA members

Mrs. Judy Badger speaking on child abuse.

Officers - Shawna, JoBeth, Tina, Shari, Julie and Edna.

Julie, Pat, Tino, Wade, Abby, Mary, Melissa, and Lupita eating at Mi Tierra while attending the Area Meeting in San Antonio.

Tina and Shari showing off the awards from the Area Meeting.

Members decorated jars and cans to place around town to collect money for charitable donations.

Homemakers

This year has been an active one for chapter members. Officers for this year included Shari Kimberly as president, Julie Zamudio as vice president, Shawna Bates as secretary, Edna Ramos as treasurer, JoBeth Smart as reporter, Tina Gonzalez as historian. There are 33 members currently participating and they all have really enjoyed being a part of this club.

Activities this year included a summer officer meeting at the MO Ranch. One trip that members enjoyed taking was a visit to the Kerrville State Hospital. They learned about how this hospital works and how it *must* be run. Another trip was to the area meeting in San Antonio. Three people were chosen to attend the state meeting in Houston. Those chosen were Shari Kimberly, Tina Gonzales, and Illa Hale.

Other activities included a chili supper, bake sales, and giant chocolate chip cookie sale whose benefits went to the Area III scholarship fund.

A guest speaker also talked to the FHA members about the serious problem of child abuse. For National FHA Week members did something for every day of that week. Such activities were: (1) letting all of the school know that FHA week was here, (2) snacks for the teachers' lounge, (3) cookies for the elderly, (4) cleaning up the campus, and (5) inviting incoming freshmen to join FHA.

All of this work paid off for the members. This chapter received an award for doing all of the projects available, in other words, we were named the most outstanding chapter. Tina Gonzales also received an award for being the most outstanding member of our chapter. We also received various other awards at the area meeting. This year was one of the most active for members and they all had a terrific time in Future Homemakers of America.

Everyone seems interested in Mrs. Rust's filmstrip.

Beau and Sweetheart - Abby Franco and Mary Reyes.

Money & Fun

Working students lead a different life from those who don't work. They must learn to accept more responsibility, how to handle their finances, and often miss out on school activities. They also have to make time to work and do their homework. Some learn to handle both job and schoolwork, while others do not.

On the other hand, there are advantages to working. Students who work are getting a chance to learn to deal with people outside their family and friends. They have the advantage of having spending money which they earned and are more careful when it comes to spending that money. It's one thing to spend your parents money; it's a whole new experience when you realize how many hours of work it takes to pay for something.

Rocksprings has few jobs for high school students and those who get jobs usually try quite hard to keep them. For some students, these jobs give them a chance to try different things and help them decide what they want to do after graduation. Others work in order to help out at home or to earn money for college.

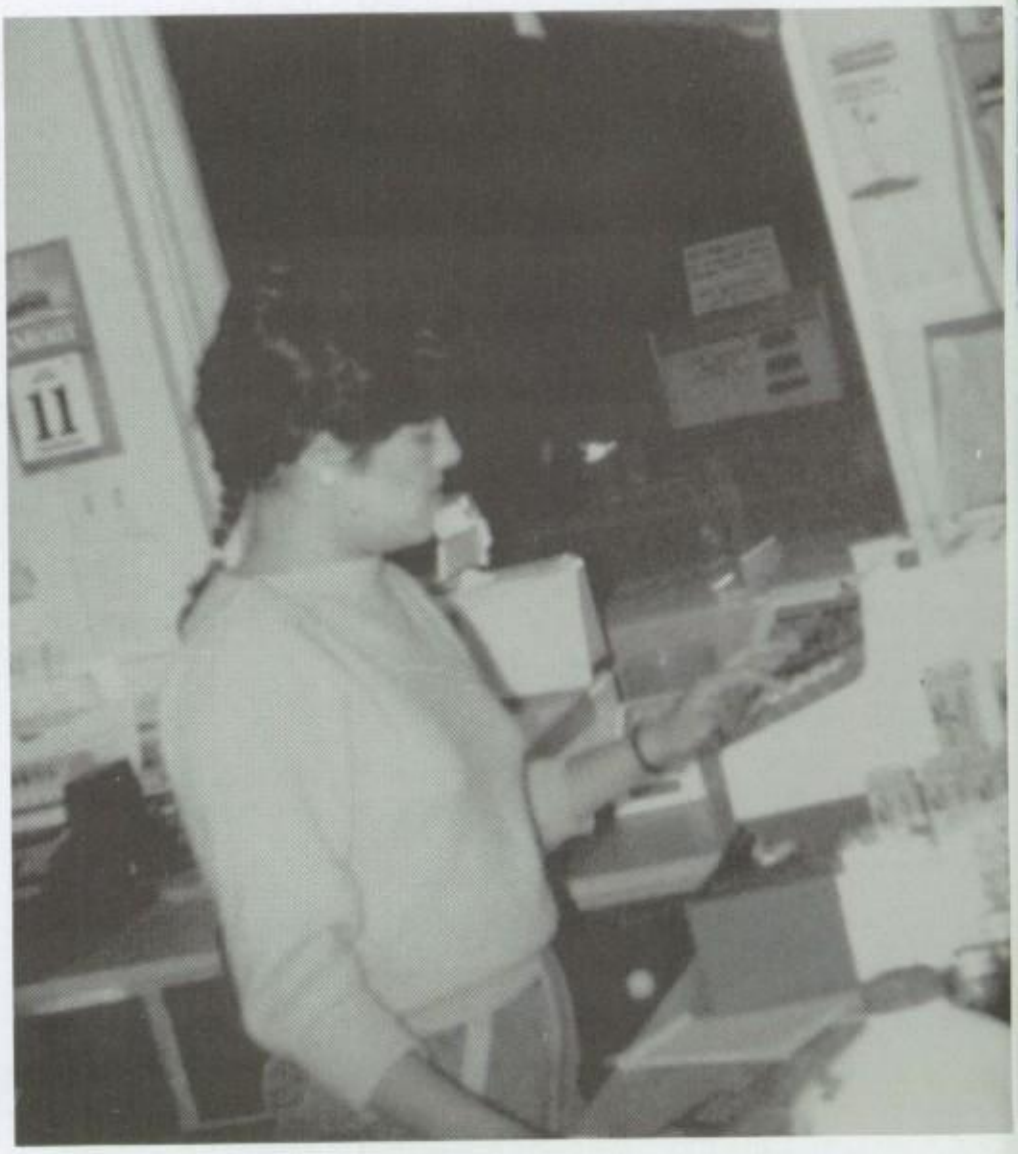
D & C Enterprises - including the Texaco and the Quick Stop - is the largest employer of students. Jeff Lowrance, Ismael Arebalos, Jesus Quinteros, Susie Patino, Martha Reyes, Baldemar Ruiz, Felica Franco and Rachel Gonzales all work there.

Jose Juan Narvaez, Jesus Fuentes and Francisco Gallegos can nearly always be found at Sorrells.

Liz Ruiz, Tina Gonzales, Shawna Bates, and Mary Reyes worked at the Bluebonnet for Mr. Everhart until it closed.

The student who has worked the longest is Rosalinda Garcia. She worked for a half year at the Little Village and 4 1/2 years at Galindo's. Traci Varga is employed at Edwards County Memorial Hospital.

Rachel checking at the D & C.



Francisco checking out Mrs. Taylor at Sorrells.

Jeff stocking flour at the D & C.

Jesus sacking groceries at Sorrells.

Ismael and Jeff pumping gas at the Texaco.

Rosalinda counts the money at Galindo's.

3 Win Gold

On Saturday, March 30, 1985, seventeen students and three sponsors journeyed to Medina for the district UIL literary meet. After months of preparation, everyone was ready to go - even if they had to leave at 6:15 in the morning.

Marcy Anderson competed in three events and qualified for regional in two of them. She placed first in shorthand, second in spelling, and fifth in poetry. The typists captured first, second, and third places to Mrs. Gulledge's delight. Allison Todd was first; Luli Magana, second; and Shannon Epperson, third.

Jose Juan Narvaez took first in the calculator contest, Francisco Gallegos took third, and Jeff Callison, fourth. Fortino Patino and John Sevier placed fourth and fifth respectively in the number sense contest.

Maribel Cadena placed fifth in ready writing, while Dila Luna and Eddie Fullen received excellent critiques on their prose readings.

Other participants and their events were: Luli, spelling; Julie Zamudio, spelling and science; Sanjay Patel, science; Rachel Gonzales and Edna Ramos, feature writing; Jose Juan, science; and Lupita Narvaez was the alternate in both spelling and typing. Mr. Ward, Mrs. Meadows, and Mrs. Gulledge accompanied the students.

The five regional qualifiers competed at Blinn College in the UIL Regional Meet on Saturday, April 13, 1985. In the typing contest, Allison Todd placed eighth and Luli Magana, thirteenth. Shannon Epperson was unable to participate due to illness.

Jose Juan and Francisco participated in the calculator contest, but results were unavailable.

Marcy Anderson qualified for both the spelling and shorthand contests. Since both contests were held at the same time, she had to choose one. Marcy chose shorthand and placed fifth.

Mr. Helwig and Mrs. Gulledge were sponsors for the regional trip.

Spelling - Luli, Julie, and Marcy.

Calculator - Jose Juan, Jeff, and Francisco.
Number Sense - Fortino and John.

Typing - Luli, Shannon, and Allison. **Shorthand** - Marcy
You would never know that John and Shannon ate at the Golden Corral instead of Long John Silvers.

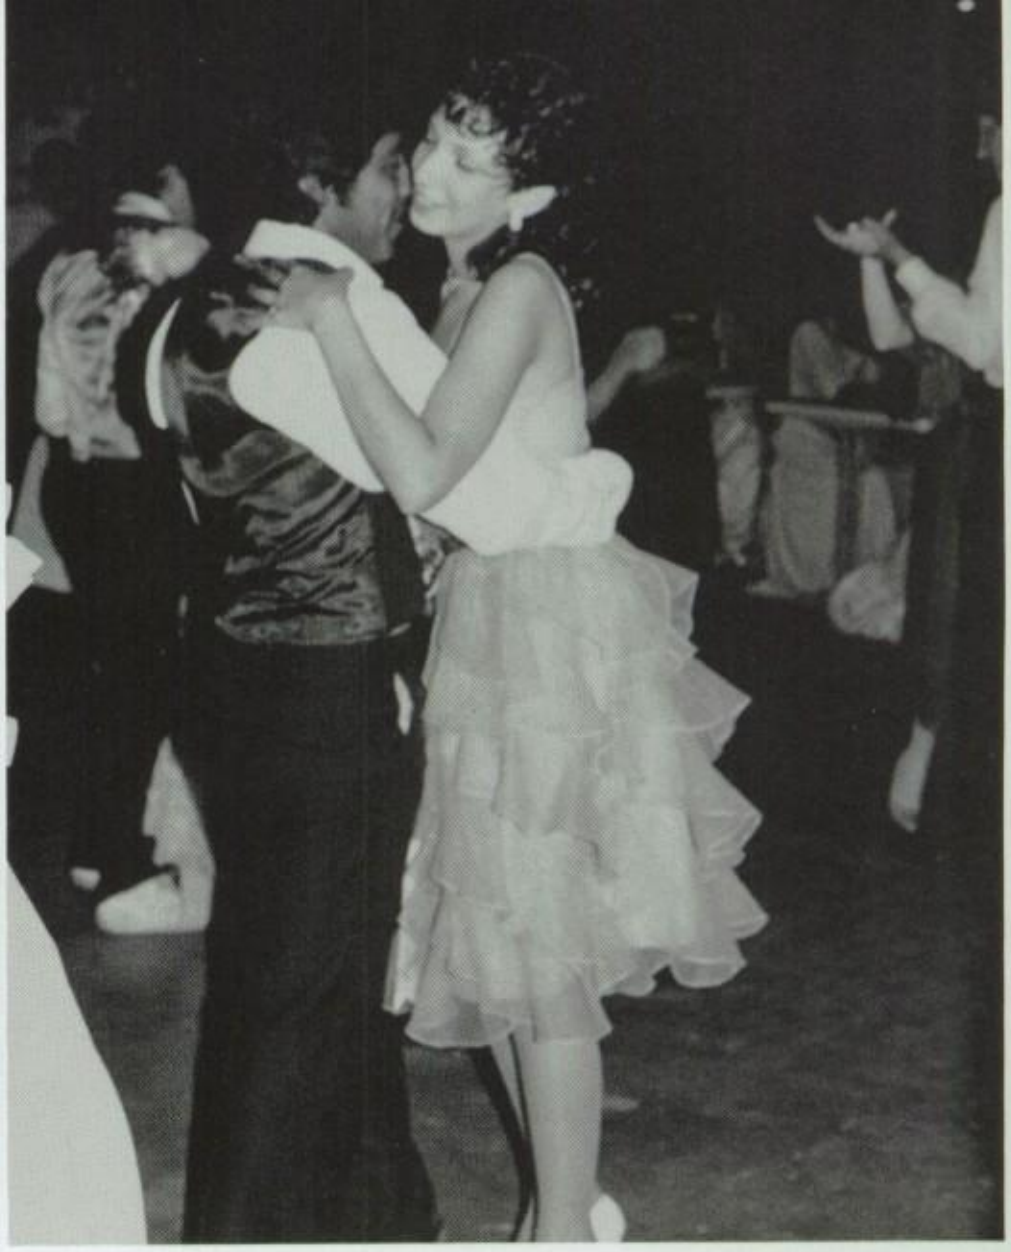
Regional qualifiers Francisco, Luli, Jose Juan, Shannon, Allison, and Marcy.

Ready Writing - Maribel; **Feature Writing** - Rachel (Not pictured Edna Ramos)

Prose - Dila and Eddie; **Poetry** - Marcy. You can always tell the speakers by the way they dress.

Science - Sanjay, Julie, and Jose Juan.

Jeff making streamer repairs, "Go get the tape."



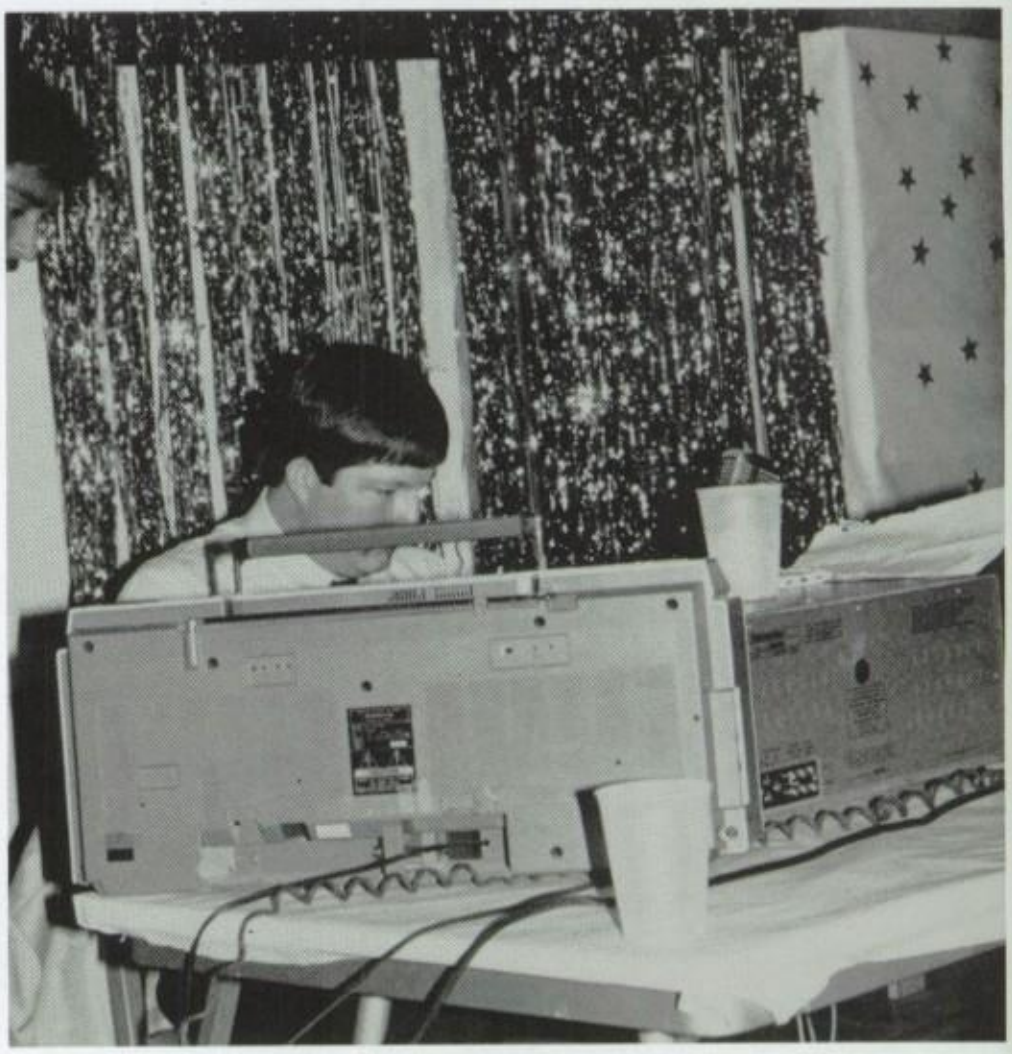
Jr.-Sr. Magic

This year's juniors performed "magic" on the Ag building for the prom. It was hard to believe that the building was a shop. The theme of this year's prom was "MAGIC" and was carried out in the colors of blue, white, and silver. Streamers and stars were hung from the rafters, the walls were covered and the entry was framed by a silver arch.

Everyone who attended had a really terrific time and danced the night away. Mr. Louks was on hand to take pictures of everyone in their finery and, of course, there was lots to eat. Mr. Cox performed the duties of disc jockey, while Mrs. Cox and Mrs. Luna served the punch and food.

The highlight of the evening came when Mr. Luna and the junior class presented gifts to the seniors who were in attendance. The seniors were surprised and pleased with the 12 ounce snifters. They were gold rimmed and inscribed with the words "Rocksprings High School - Junior Senior Prom - 1985."

It's hard to believe that every year the prom seems to get better and better. Those who didn't attend missed the chance of a lifetime.



Celeste and Mike whirling to the music.

Mike watches disc jockey, Mr. Cox, play music.

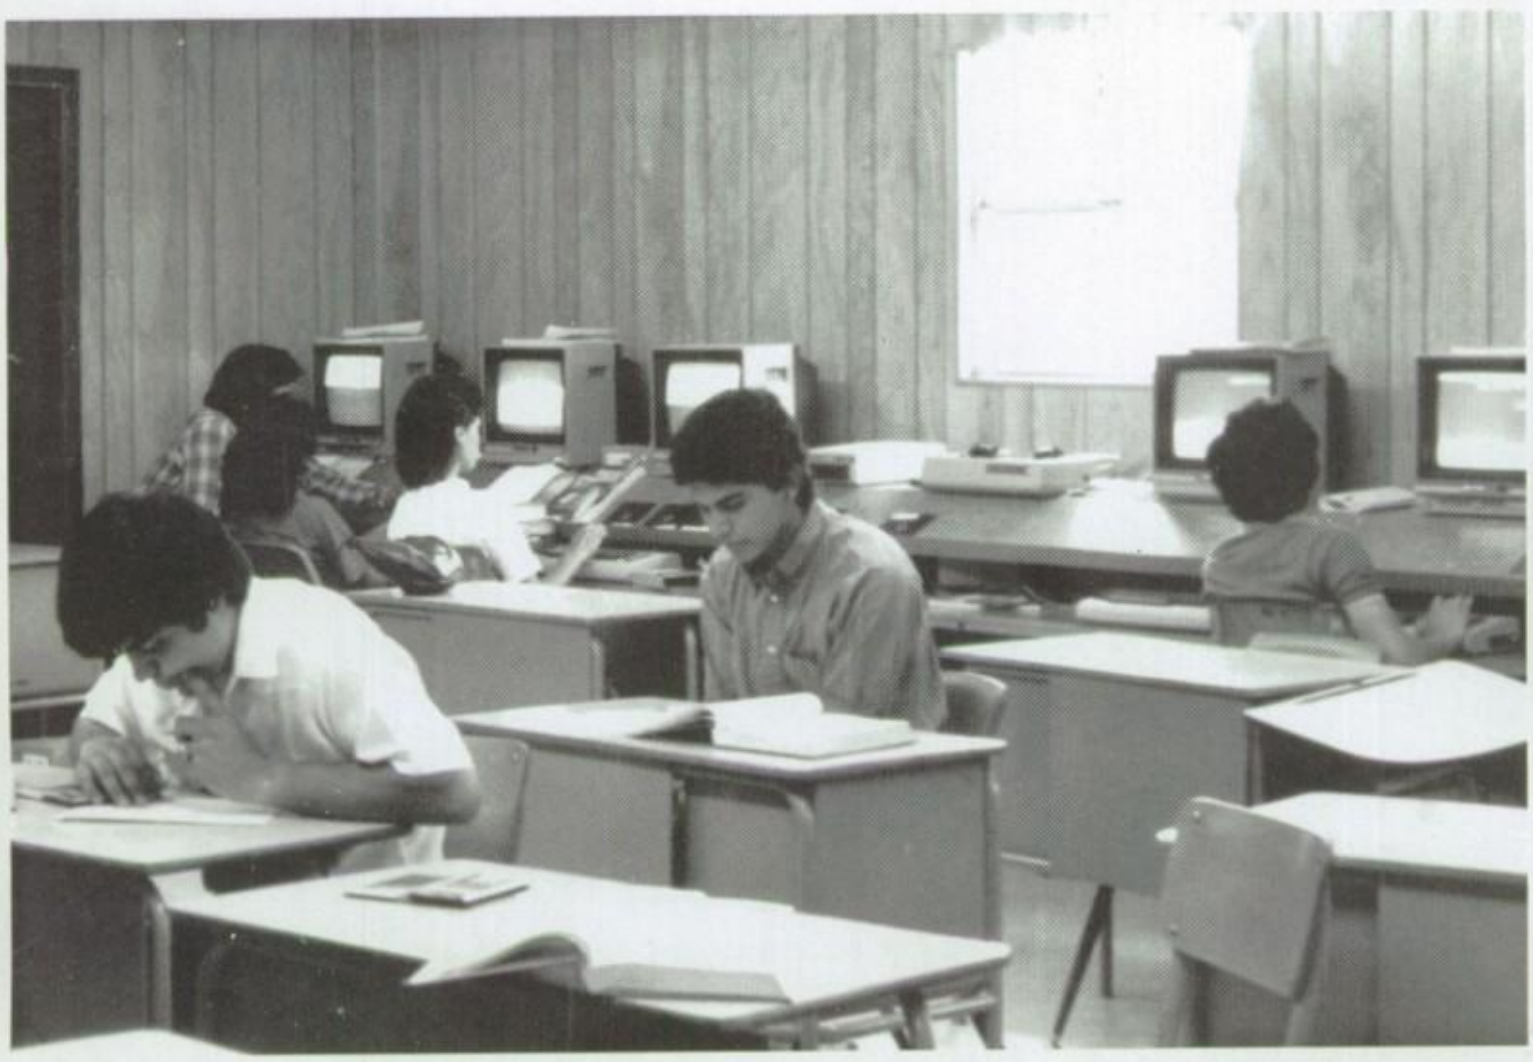
ACADEMICS

The junior typing class plans the margins and tabs for a table.

Jesse and Tony transcribing their dictation in shorthand class. Tony, that's a correcting typewriter.



Empty computers are not a very common sight.

Mr. Luna's computer class working or playing.

JoBeth and Marcy taking dictation with the new shorthand lab.

Brian catches up on his typing while the accounting students try to balance those debits and credits.

Jose Juan and Francisco working on the new apple computers.

Ready-Type

Click, click, click could always be heard in rooms 7 & 8. Both typewriters and computers were given complete workouts this year, whether by typing students trying to get caught up or retyping their failing papers or by the English classes typing their research papers. With 47 students enrolled in typing, there were few extra typewriters.

Business classes taught were: typing, accounting, shorthand and office practice. This was the first year that the freshman and sophomore classes were allowed to take typing. They quickly learned there is no wasting time in Mrs. Gulledge's class and that assignments not turned in receive grades of zero.

The shorthand students learned an alphabetic system and all were able to achieve speeds of 60-100 words a minute. Everyone found it quite handy for taking notes in other classes.

The school also purchased a shorthand lab, which allowed the students to use tapes to practice taking dictation at their own speed level. Unfortunately, someone stole half of the lab over the spring break along with 2 stop watches.

Accounting replaced shorthand the second semester as eleven students prepared for keeping books and going to college. This class put the calculators through the wringer adding all those debits and credits.

Another class to use the calculators was the office practice class. This class spent time reviewing typing skills, using the word processors in the computers, learning to use the calculators by touch, and reviewing grammar and punctuation skills. They rounded out the year with a study of human relations and self-development.

Life's Work

Vocational programs are an important part of any school curriculum. Their purpose is to train students for the world of work and to stress the importance of many different fields. Coordinated Vocational Academic Education (CVAE), Vocational Agriculture, and Home Economics are the three vocational programs offered in Rocksprings.

CVAE classes train the students in the use of machinery and prepare the students for a job after graduation. This year the CVAE students built sidewalks and curbs on the school grounds, BBQ pits, and picnic tables, a room in a mobile home, and one act play props. They also helped construct the giant ramp at the Methodist Church.

The Vocational Agriculture program's purpose is to teach the students and the community the importance of agriculture today and always. It also stresses leadership and responsibility. The first two courses in this program deal with animal, plant, and soil science. The third year adds the study of agriculture as a business and management techniques. Ag IV is a two-hour shop class that deals with the repair of small engines, as well as, electrical and mechanical engineering.

Last, but certainly not least, is the Home Economics Program. Its purpose is to teach students how to live in today's society. This is probably the most useful of all the vocational programs because everyone must have a place to live, buy groceries, and manage their income. HE I, II and III teach you to cook & sew, but you also study nutrition, vitamins, the four basic food groups and meal planning.

Other courses offered include: home and family living, housing, and child growth and development. Students in these classes learn many useful things. They plan weddings, houses complete with furniture, and work with the elementary students. Two classes had to dress and care for egg babies for a week just like they were children. The housing class' project for the year was to clean, paint, and decorate the restroom in the HE building.

JR CVAE class - Noel Arebalos, Osvaldo Rendon, Moe Jimenez, Tino Martinez, Angel Acosta, and Francisco Gallegos.

SOPH CVAE class - Danny Carrillo, Dennis Piper, and Armando Franco.

Abby, Jesse, Arturo, Edna, Tina, Tony, and Rachel painting the wall of the HE restroom.

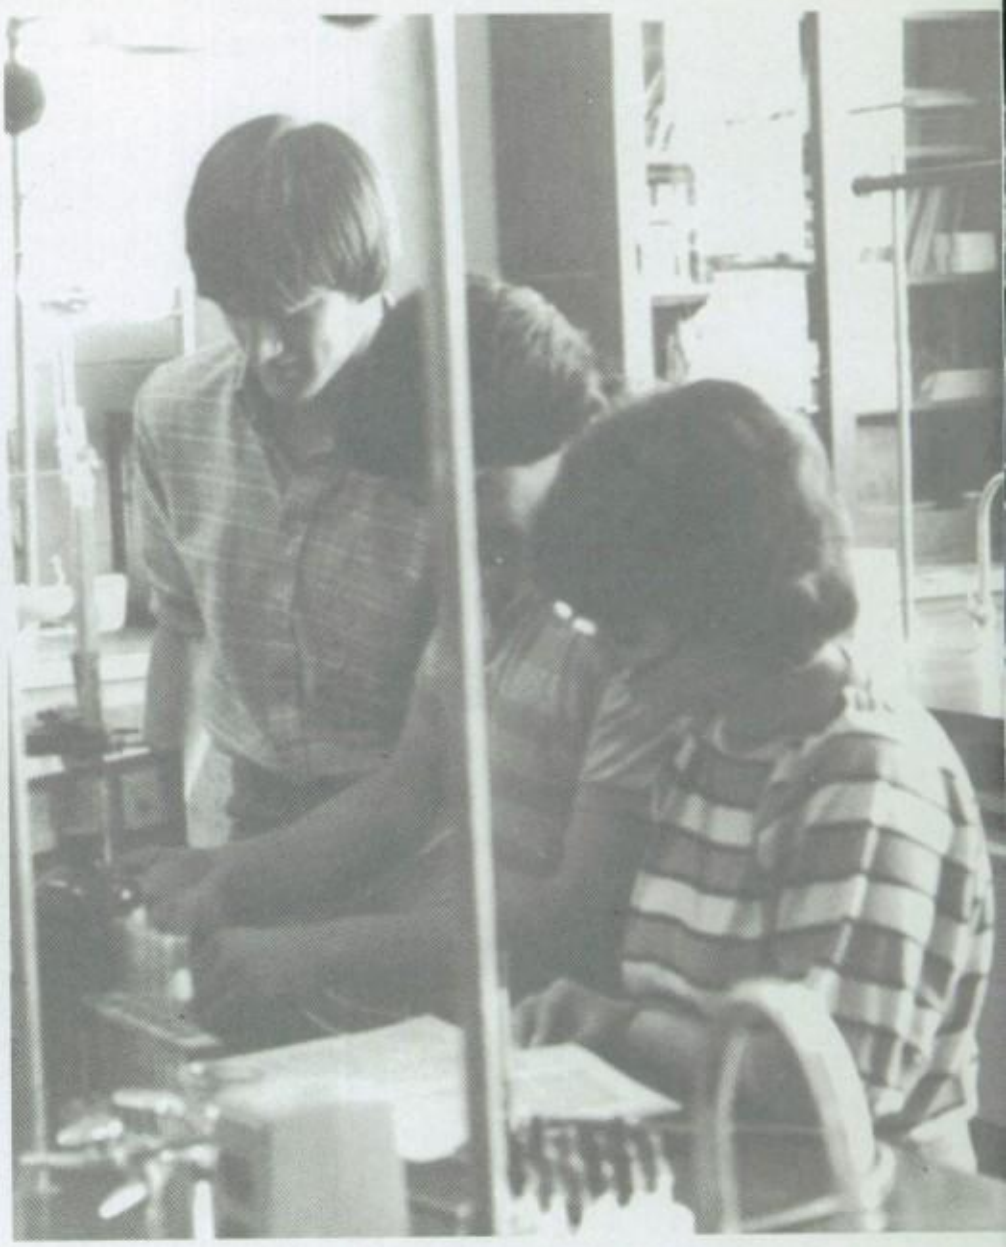
Beginning of the ramp at the Methodist Church.

Arturo, Mike, and Refugio hard at work on a stock trailer in AG IV.

The AG IV class poses for a picture while working on a stock trailer. What are Baldemart and Mike doing on top?

Jeff, Ricky and Yolanda separating water into hydrogen and oxygen in a chemistry lab.

Edna and Blanca enjoying the insects in biology lab.



Beth Louks putting her insect collection together the day it is due.

The physical science class waiting to launch their rocket.

Up, up, and away went the rocket.

Efrain studies an insect collection while Danny looks at a raccoon.

Juan, Joel, Dustin, Edna and Brian study all the insect collections.

$A^2 + B^2 = C^2$

This year students had a choice of three sciences and five maths. Physical science, biology, and chemistry classes were offered as were FOM, algebra I and II, analytic geometry, and trigonometry.

The physical science classes began the year with some simple chemistry labs and then went into the study of common elements, simple compounds and mixtures, and the periodic table. The second semester consisted of basic physics including: force, motion, gravity, electrical magnetism, heat, sound, and light. One high point of the year was the launching of a rocket.

Biology students spent many hours studying all kinds of organisms from one-celled to frogs. They started the year with a study of microscopes and how to use them. Next, they put their art skills to work by drawing what they saw when using the microscopes. Labs ranged from the one-celled organisms, heredity, and the dissection of animals including earthworms, fish, crayfish, grasshoppers, and frogs.

Quantitative labs were a new experience for chemistry students. They also did many labs on different chemical reactions. Studies included elements, mixtures, compounds, balancing chemical equations, gas laws, etc. The students were given a chance to identify elements using flame tests and to measure the amount of oxygen in the air.

FOM classes studied fundamental math concepts, as well as, spending time on basic math used in everyday life. Learning to deal with money and using fractions are just a few of the items studied.

Algebra I & II classes studied much the same things, except that algebra II gets more detailed and complicated. Working with unknowns, equations and inequalities, whole numbers, real numbers, polynomials, factoring, fractions, linear equations, and functions were all studied in algebra I. Second year algebra students studied all of the above along with analytic geometry, exponential and logarithmic functions, sequences and series, and matrices and determinants.

Analytic geometry students felt like lawyers with all the proofs they did. They began by studying lines in planes and their applications and then proceeded to conic sections - circles, parabolas, ellipses, and hyperbalos. They rounded out the year with curve sketching and polar coordinates. They will never forget how many different theorems, postulates, etc. they had to use on those proofs.

Trigonometry students studied trigonometric functions and their properties, circular functions and their graphs, oblique triangles and vectors in a plane.

Get In Step

The 1984-85 Rocksprings Angora Band was directed by William Baker. The band was under the field direction of drum major, Melanie Weatherly.

During the summer, the band had a week long camp in Rocksprings, where they learned different techniques of marching. The summer band camp was open to any student who wished to participate in the Rocksprings Angora Band. The band also attended a drum and bugle corps camp in Austin.

This year the band participated in several contests and held Christmas and spring concerts. The band went to marching contest in Hondo on Saturday, October 26, and received a rating of III. They also went to concert and sight reading contest in San Antonio on April 3, and again received a rating of III in both contests.

This year's beau and sweetheart are Mark Weatherly and Patricia Arebalos. The senior members in band are Jerry Capps, Tina Gonzales, Liz Ruiz, K'Lynn Craig and Alejandra Solorio. They received an AM/FM clock radio as a farewell gift from the Band Boosters at the spring concert.

The John Philip Sousa Award was presented at the spring concert on May 9, 1985 to Alejandra Solorio. The awards for most improved student went to Chuckie Rendon, Maribel Cadena, Tonya Todd and Alfonso Acosta. The outstanding students by grade were: Jerry Capps, senior; Julieta Zamudio, junior; Allison Todd, sophomore; Shannon Epperson, freshman; Jennifer Todd, eighth; Sheri Epperson, seventh; Amanda Simone, sixth; and Belinda Benavidez, fifth.

The Scarlet Spurs were sponsored by Mrs. Marilyn Rust. This was the second year for this flag/dance team and they continue to improve. During the summer, the girls attended Showtime Camp and won first place with their dance routine. They also went to the Hemisfair Drill Team Contest in San Antonio and won sweepstakes by receiving first division ratings for their high kick, novelty, and prop routines. The girls were the highlight of the Halloween pep rally and half-time show with their costumed dance to the "Monster Mash."

The Scarlet Spurs spent many hours practicing their routines on top of all the other regular band practices. They are to be commended for their hard work and dedication to excellence.

Twirlers, Tina Gonzales and Shannon Epperson, had the added responsibility of learning and perfecting their twirling routines along with the rest of their duties and responsibilities as members of the Scarlet Spurs.

Why is Allison the only one playing her saxophone?

The percussion section leaves the field.

Getting ready to kick.

Kris and Shari at a pep rally. Look, Mom, no hands.

Cheerleaders and Scarlet Spurs dance together at a pep rally.

Shannon, Shari, and Tina pose after returning from twirling and flag camp.

Journalism

This was the first year the annual and newspaper classes were separate. Mr. Luna was in charge of the newspaper staff and Mrs. Gulledge, the annual. The newspaper staff began the year by sending questionnaires to all the teachers and then doing a writeup on each one. You learn that all those classes in English become very important when writing articles for the annual or the newspaper.

The English classes studied the usual grammar and literature, but this year saw two new English teachers. The sophomores all started the year with Mrs. Zerr and half finished the year with Mrs. Meadows. When asked what they did in Mrs. Zerr's class, all responded, "WRITE, WRITE, WRITE!" They wrote their own poems, plays, and summaries of their literature assignments - to name just a few - along with the usual book reports. All felt that they had really learned a lot this year.

The freshman class was treated to a new dimension in literature this year. After reading and studying *The Diary of Anne Frank*, they watched the movie on the school's new VCR. The big project of the year for juniors and seniors was the research paper. Almost everyone typed their paper on the computer and times were hectic for 39 students with only 11 computers.

Putting an annual together takes many hours, lots of hard work, and lots of pictures. This class is in charge of putting together a book of memories to last a lifetime. One of the most important jobs on the annual staff is that of the photographer. This year we did not have a steady photographer. Several students expressed interest, but none were willing to give the extra time and work that it takes to become a good photographer. We began the year by selling ads in Rocksprings and writing letters to businesses in the surrounding communities asking for their support. Next came the rough drafts, school pictures, and finally the completed copy. We tried to make this the best annual Rocksprings has ever had. Any mistakes or spelling errors are by accident and we apologize.

A special thanks go to Mr. Louks for developing so many pictures for us at the last minute and to Julie, Rosalinda, and Mrs. Gulledge for spending two weeks of their summer finishing what the annual class promised to return to finish and did not.

Julie Zamudio hard at work during the summer on this annual.

Rosalinda looks like she enjoys spending her summer on the annual.

The class that promised to return in June and didn't.

Area Bound

Bi-District Champs

This was a very good year for the Angoras, maybe the best in 15 to 20 years.

The Angora girls' basketball team began the season by participating in the Nueces Canyon Tournament. "We won our first trophy of the year by defeating Sabinal for third place in the Nueces Canyon Tournament," said Coach Sumners.

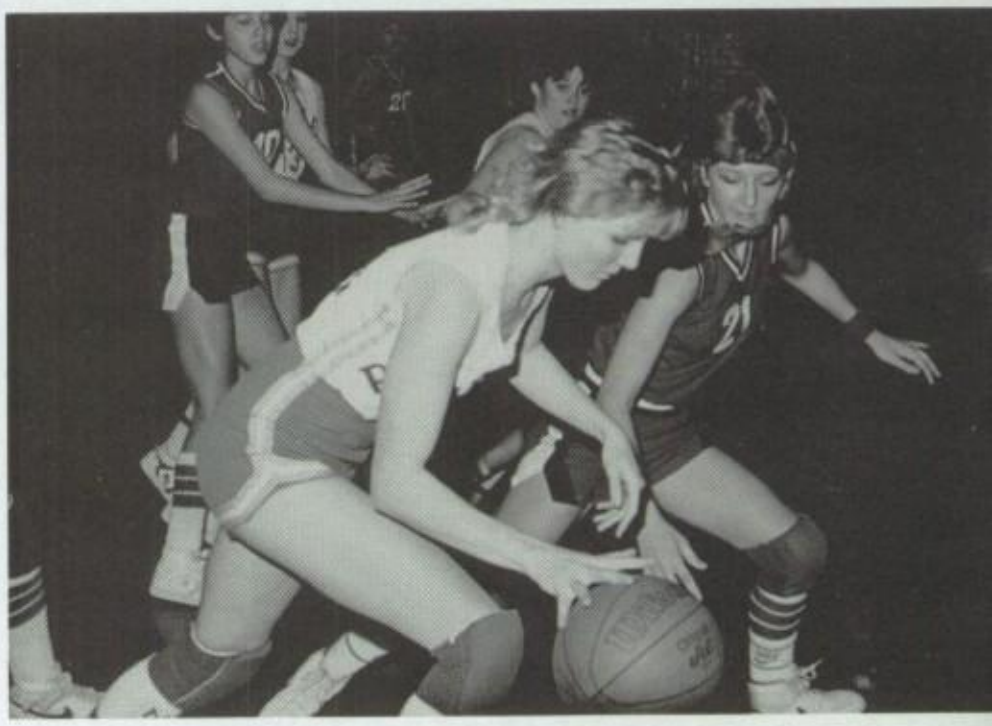
In the Uvalde Tournament the Angoras lost the championship game by losing by 1 point to Leakey. In the Brackettville tournament the Lady Angoras won the Championship trophy by defeating Brackett.

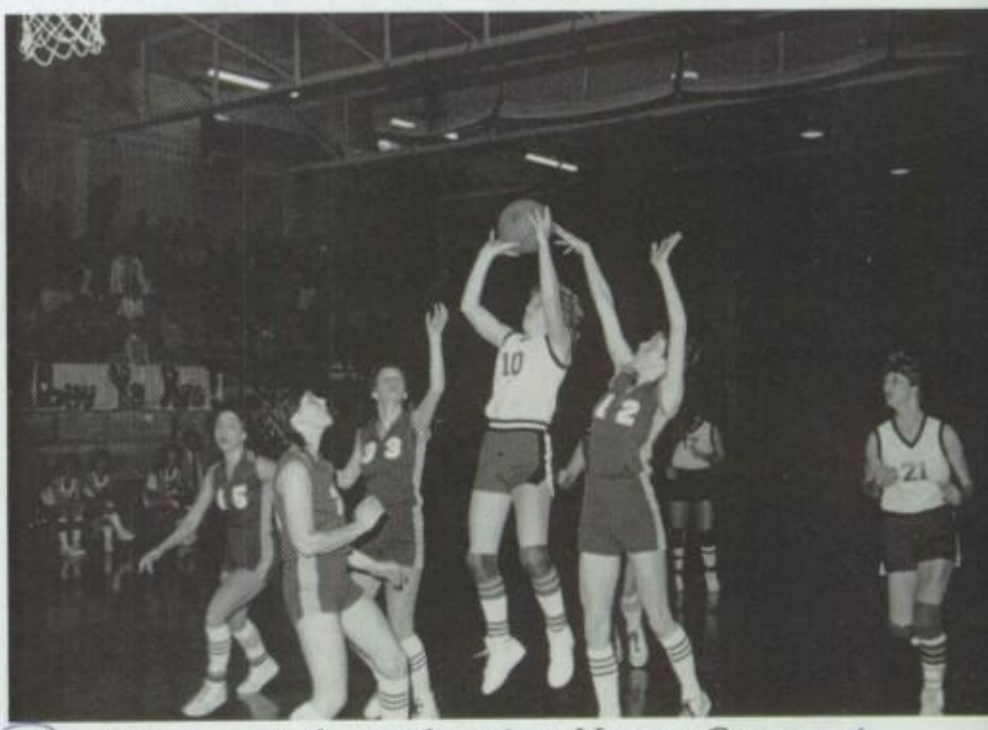
The ladies started district play after Christmas with a very close game with Nueces Canyon - as usual. The third quarter was always the hardest for the team. There were many times when our team went scoreless which made the fourth quarter a tense time for catching up. The girls won the district with a 7-1 district record.

On February 15, 1985 the district 61A champs traveled to Center Point for the Bi-District game with Medina. Games with Medina are always tough and this one was no exception. The Angoras led by 8 at the half, but Medina came back to lead by 2 at the beginning of the fourth quarter. The score was tied at 37 all with just a few seconds to play in regulation time, when JoBeth deflected a ball, Rachel picked it up and drove for the lay up. She was fouled, but sank her second free throw to win the game 38-37.

The Area ball game was played at Sonora against Irion County. The first half was an excellent ballgame, but the second half found the Angoras having trouble getting the ball in the goal. Irion County won 43 to 28.

Tempie shoots for two in the bi-district game.





Edna drives in to the goal against Nueces Canyon.

Shari hustles on defense against Nueces Canyon.

Shana hustles for two in the area game.

JoBeth takes a jump shot in the Canyon Tournament.

Run and Jump

The high school girls' track team had a very successful year. Six of the seven girls who competed in district qualified for the regional meet in Brenham. Those qualifiers were: Blanca Ramirez, 3200 meter run; Tempie Avila, triple jump and 400 meter dash; and Diane Craig, Edna Ramos, Devonna Capps, Tempie Avila, Shelly Bates, 1600 meter relay.

The girls turned in their best team performances of the year at Brackettville and Comstock where they were runners-up in both meets. In Comstock the girls won all the relays, the 400 meter dash and the triple jump. They placed second in the 2-mile run, and long jump.

In regional competition the girls did quite well. Blanca Ramirez placed ninth in the 2-mile run. Tempie Avila was fifth in the 400 meter dash, and the 1600 meter relay won fifth place. The relay was run by Diane Craig, Edna Ramos, Devonna Capps, and Tempie Avila.

Top: Tempie throws the discus.

Middle left: Shelly runs her hardest to get ahead.

Middle right: Diane hands off to Edna.

Bottom left: Edna really stretching those legs out.

Bottom right: Tempie crossing the finish line at regional in the 1600 meter run.

Undefeated

The junior high girls' track team had an exceptional year - they won every meet they entered including the district meet. The track meets that were entered and won were: Medina Bobcat Relays, Brackettville Jr. High Relays, Center Point Jr. High Relays, Comstock Jr. High Track Meet, Utopia Jr. Relays, and the district meet in Medina.

Not only was the girls' team undefeated this year, but several individuals were also undefeated in their events. Tonya Todd was undefeated in six meets in the 800 meter run. Her best time was 2:36.13. Tonya also ran the 800 meter relay.

Jennifer Todd was undefeated in six meets in 400 meter dash with a best time of 62.79. She also ran the 400 meter relay, triple jumped and long jumped.

Felica Franco was undefeated in the 1600 meter run in all six meets. Her personal best time was 5:56.06. Felica also high jumped and ran the 100 meter dash.

The 1600 meter relay was undefeated in all meets. The relay members were Allison Grooms, Jennifer Todd, Tonya Todd, and Felica Franco. Their best time was 4:33.47.

You girls are definitely #1 in our eyes.

Tonya hands off to Felica in the 1600 meter relay.

Allison hands off to Jennifer in the 1600 meter relay.

Felica takes the tape for the win in the relay.

Jennifer says, "Is there a doctor in the house?"

The undefeated champs and their trophies.

Leslie hands off to Julie in the 800 meter relay.

HENINGTON PUBLISHING COMPANY

Dear Trina,
I appreciate
the times that we
can really get along.
Sometimes we just clash
big time. You're been a good
friend. I hope that it'll always
appreciate you. Good luck in everything
thing you do. May God bless you.

Your friend,
Dila K.
